

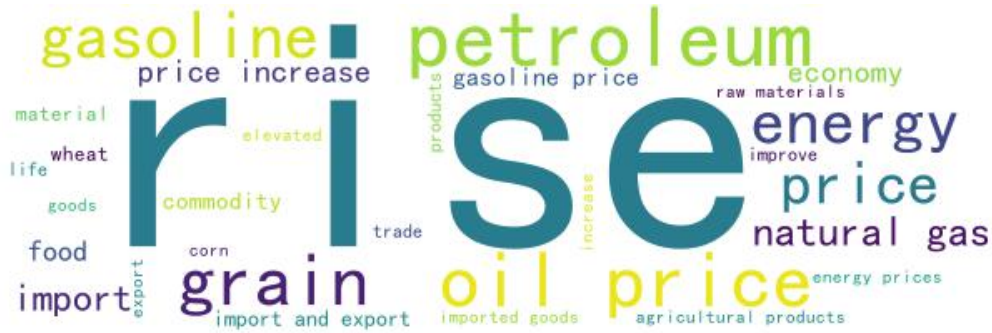

Figure 5: Main Considerations about the Impact of the War

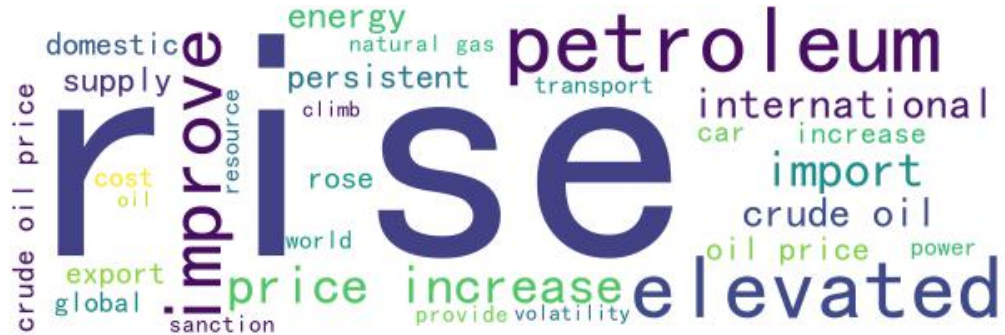

(a) Impact of the war on China's economy

(b) Impact of the war on overall prices in China

(c) Impact of the war on gasoline prices in China

*Notes:* Word clouds based answers to open-ended questions about respondents' main considerations regarding the impact of the war on (a) China's economy, (b) overall prices in China and (c) gasoline prices in China.

To address the limitation of word clouds, we perform the topic analysis. By carefully reading the survey answers to these open-ended questions, we identify six distinct topics: *Energy*, *Prices*, *Trade*, *Resources (except energy)*, *No Impact* and *Uncertain*. For example, the *Energy* topic contains
